Advance Bulb List for Fall 1963

To all our gardening friends we offer this, our 1963 selection of the WORLD'S FINEST SPRING-FLOWERING BULBS for fall planting. Over twelve hundred varieties have just completed their blooming season here in our trial gardens. The best of them, some new, some old, we have chosen for this list. We have capitalized the names of some we wish especially to call to your attention.

Many kinds in this list were selected from the exciting new varieties which brightened our season this year. We highly recommend them for your garden. Among the new tulips we recall Darwins, Collans Glory, Irish Lass and Santa Margherita, and the Species, Greigii Cape Cod. Large-cup Mt. Cloyd, Rushlight and Saskia, and the vividly colored Small-cup, Jezebel, were among the outstanding new daffodils.

Remember this is an ADVANCE LIST. We can stock only a small fraction of this offering for fall buyers. All new varieties and many older ones are never too plentiful. So to avoid disappointment send in your order as soon as possible after receiving this list.
